On 25th September 2015, world leaders have committed to 17 Global Goals to achieve 3 extraordinary things in the next 15 years. End extreme poverty. Fight inequality & injustice. Fix climate change. The Global Goals for sustainable development could get these things done. In all countries. For all people.

THE GLOBAL GOALS

For Sustainable Development

The more people who know about the Global Goals for sustainable development, the more successful they'll be. If we all fight for them, our leaders will make them happen. So they need to be famous.

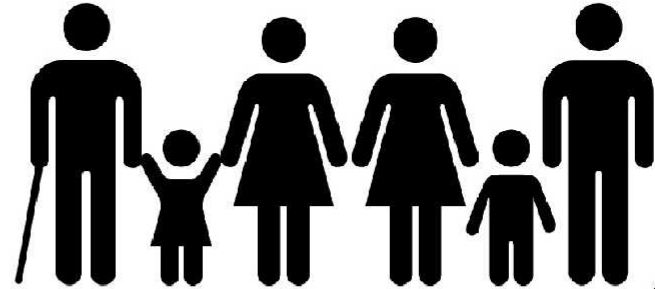

That's why we need your help to share the Goals. In conversation, on e-mail, in debate, on products, at home, at work, at school – whatever it takes to #TellEveryone.
