## THE GLOBAL GOALS For Sustainable Development

In September 2015, world leaders at the United Nations, led by Ireland and Kenya, adopted the **Global Goals for Sustainable Development** (aka the SDGs or the Agenda 2030). This is now our common plan for a better future for people and the planet, with 17 Goals to tackle climate change, inequality and poverty by 2030.

All around the world on 17<sup>th</sup> October, people from different backgrounds and cultures come together to participate in the movement to end poverty in their country and worldwide.

This year join us in marking the day, and let's all come together to **#EndPoverty!**

This 2017 #EndPoverty Day Campaign in Ireland is organised by the Irish 17<sup>th</sup> October Committee ([www.17october.ie](http://www.17october.ie)) in co-operation with the I.N.T.O. ([www.into.ie](http://www.into.ie) Global Citizenship Schools Network).
