

## VILLAGE DES INITIATIVES POUR UNE SOCIÉTÉ AUTREMENT / STOP POVERTY VILLAGE

### 8 Themes:

- **Work and employment:** Information about pilot projects initiated by ATD in France
- **Housing:** having access to decent housing is a right. Come and meet local actors who are fighting for these rights
- **Youth:** 2 organisations (82-4000 and a production school) are here to inform and share about their projects with young people facing social exclusion
- **Culture and creativity:** a giant street library with storytelling workshops, singing and gardening activities
- **Family/ childhood and education:** ATD promotes an idea of success for all in school thanks to open pedagogies and stronger links with the parents
- **Health:** information about health insurance created in partnership with people facing hardships, as well as brainstorming around access to food and dignity
- **International solidarity:** ATD exists in 30 countries and has representation status in international institutions. The organisation is also conducting research in partnership with Oxford University on the creation of a new index to measure poverty.
- **Universal participation:** People's Universities are regularly organised by ATD since 1972, a time to learn together.
